FACULTY AGAINST SPRING VACATION

Proposed Incidental Fee Suggested by the Students Also Is Considered.

According to a decision reached at meeting of the faculty of the Unisity of Utah. Monday afternoon, idents who do not register on the ivs set aside for that purpose at the ginning of the fall semester next Sepmber will be required to pay an aditional fee of two dollars to cover the dditional trouble which the irregucrity of their registration causes the gistrar and the members of the facty committees working on the adjust nt of courses.

It has been the custom during recent ars for a number of students to de y their registration for a week or re, in many cases without any good ason, and the result has been great aconvenience for the faculty, as well a delay in getting the regular work

LIST OF INSTRUCTORS FOR SUMMER SCHOOL

Some Innovations Will Be Attempted at the University of Utah.

The University of Utah has issued the announcement for the sixteenth an nual session of its summer school course, including the normal school for teachers. The committee in charge of the work consists of William M. Stewart, Mand May Babeock, William C. Ebaugh, David R. Allen and Frederick William Reynolds of the faculty of the University of Utah. The work of the school has been divided into three sections, namely (1) the regular summer school of six weeks, beginning June 14 and closing July 23; (2) the summer school of physical education of six weeks, beginning June 14 and closing July 23; (3) a special teachers' course of ten weeks, beginning May 17 and closing July 23.

An exceptionally strong corps of in-structors has been secured for the sum-

mer, including, besides a large number of the regular instructors, several spe-cialists from eastern institutions. The cialists from eastern institutions. school of physical education will again be under the general supervision of Dr. William G Anderson of Yale, and associated with him will be Jacob Bolin, graduate of the Central institute of graduate of the Central institute of Stockholm, Sweden, and at present dean of the Chautanqua School of Physical Education, and head of the Bolin Institute for Physical Training, New York City; H. Johnson, supervisor of physical education in Salt Lake City schools, and Miss Elsie J. Ward of the Salt Lake City high school.

school. The work done will be accredited by the University of Utah, and credit can be applied toward finally taking out a degree in any line of work. All of the facilities of the regular university students will be at the disposal of the summer school people.

Besides the regular pedagogical sub-jects connected with the normal depart-ment, a large number of college sub-jects are to be offered, with a view to giving an opportunity for persons who are unable to attend school in the winare unable to attend school in the win-ter months to accumulate sufficient credit to ultimately receive a high school teachers' certificate. This plan has been made possible by a special arrangement with the state board of education and, being a new feature in the work, will be watched with interest.

The Willard Mack company at the Bungalow this week in "Carmen" is already a strong and capable organization, but there will be several additions to the forces within the next fortnight. This week's Orpheum bill is an enchanting one for the children. There's a cute little Teddy Bear, eyes, nose, fur and all, and he eats and drinks and dances and has lots of fun. Then there's jolly Fanny Rice with her funny little dummies; eight wonderful Japa, from an old man to a wee kid, about a years old, who is a wonder. Minnle Kauffman, a pretty woman, who does everything on a bicycle, and lots of other acts. It is a mighty line bill from start to finish, for both old and young.

Miss Emma Lucy Gates has signed a contract with the Royal Opera house management in Berlin for a five-years' engagement according to advices received in Salt Lake on Monday. She appeared in "Freighnetz" and the criticisms were so favorable that the management invited her to appear in "Mignon." This done, the contract mentioned was signed. one of the best of the coming attractions at the Colonial theater is Daniel Sully's new play. "The Matchmaker," in which the popular star is meeting with the greatest success of his career, and which will be seen in Sult Lake City for one week beginning Sunday, May 2. It is a romantic drama of unusual strength, full of exciting scenes and thrilling situations, brimful of comedy, original in theme and treatment and novel in construction. "The Matchmaker," must not be confounded with "The Parish Priest, which Sully produced some years ago, as the only resemblance between the two lies in the fact that a priest is the leading character in each. The new play is the greatest Sully has ever presented and in it he is scoring the most brilliant triumph of his career.

The Stock Exchange

There is a stock exchange in every city that has a newspaper, no matter how small it may be. That stock exchange is the WANT AD COLUMNS of the daily paper.

Turn back to the want ad page this morning; note the kinds of live stock that are to be sold or exchanged today.

If you want a horse or a cow there is no better market to which you can go.

If you have a horse or cow to sell you can get more for it in this market, because there will be more buvers.

An auction sale will often bring more money than a private sale, because people then bid against one another.

So don't try to sell your horse or cow to your neighbor and let him set the price; sell it through the want ad columns and set the price yourself—the more offers the higher the price. Test this for yourself.

HIGH SCHOOL, BOYS AT LAST REINSTATED

Principal Eaton, However, Makes Them Call on Superintendent Christensen.

The members of the junior and ophomore classes, who were suspended for an indefinite length of time last week for "rough-housing," were expected to be admitted to the school Monday morning, but things did not go the boys' way and they were compelled to miss another day from their lessons, which will make it almost impossible for any of the unfortunates o pass for the month. The squad now numbers over fifty, and their absence from school has been very notice-

tendent D. H. Christensen's office Monday morning and found him out, so a call during the afternoon hours was necessary. The superintendent gave the boys a good talk and discussed the affair from the start. He did not approve of their doings, but gave his prove of their doings, but gave his consent for their continuance in school After hearing the verdict of the su-perintendent, the boys proceeded to the high school, where the entire bunch as sembled in the office of Principal George A. Eaton to receive the final talk. There were only two boys missing, and it is rumored that they will not return to school. Principal Eaton reinstated the boys near the close of the Monday school session, so it was impossible to attend any of the Mon-day classes. Tuesday morning the boys will begin anew both in school work and in behavior.
